## **California Copy Certification of Power of Attorney**

California law allows Notaries to certify copies of powers of attorney under Section 4307 of the California Probate Code.

If no other notarial wording is prescribed, this certificate may be used to certify such copies.

The NNA recommends that Notaries make, or supervise the making of, the copy. If the signer presents both the original document and a copy, no less than a line-by-line comparison is required for the Notary to certify the copy.

Unlike other notarial certificates which are typically stapled to the last page of a notarized document, this certificate should be stapled to the front page of the copy as a cover sheet.

California Notaries may charge up to a maximum of \$10 for certifying a copy of a power of attorney — as authorized by Civil Code Sections 8205(a)(4) and 8211(h) — or they needn't charge at all.

IMPORTANT NOTE: With the exception of copies of journal entries certified at the request of the Secretary of State, California Notaries do not have statutory authority to certify copies of any other type of document.

The optional section at the bottom can deter alteration of the document or fraudulent reattachment of this form to an unintended document. The insertions in this section are not required by law. Failure to fill out this section will not affect the validity of the certificate.

- **5 NOTARY SEAL IMPRINT,** clearly and legibly affixed.

- **7 DATE OF ORIGINAL DOCUMENT.** The power of attorney's date of signing, effect, or issuance may be noted here.

- **9 COUNTY WHERE RECORDED.** Since powers of attorney related to transfer of real estate may be recorded, indicate the name of the county where the document is or will be recorded if applicable.
